

FROZEN FRUIT CATALOG

FRUIT PULP

Our pulps are 100% Natural and pasteurized, free of preservatives, dyes, stabilizers and thickeners, or sugar!

They can be widely used for domestic consumption, by hotels, bakeries and restaurants, or in the food industry for the preparation of juices and other fruit-based products.

We have the ability to develop specially designed products to meet the diverse needs of our customers.

FROZEN FRUIT IN PIECES

FROZEN CHOPPED FRUIT

Fresh, healthy, ripe and clean fruit, cut into pieces and frozen.

It is a ready-to-eat product, perfect to accompany your breakfasts and meals or to prepare drinks.

BENEFITS OF BUYING FROZEN FRUIT

- It keeps all its nutrients intact.
- It has the maximum freshness.
- Does not need preservatives.
- It comes clean, cut and peeled, that is, ready to eat.
- Many times it has a better price.
- Allows you to consume some seasonal fruits out of season.
